

Associated City: Park River
County: Walsh
NDSASP Classification: Basic
FAA ID: Y37

About Park River - W.C. Skjerven Field

Park River - W.C. Skjerven Field (Y37) is a versatile general aviation airport serving the heart of Walsh County, North Dakota. Located just one mile west of Park River in northeastern North Dakota, the airport features two runways, offering flexibility for a range of aircraft and seasonal operations. With 100LL and Jet-A fuel available, the airport is well-equipped to support both transient and local aviation needs. The airport's value extends beyond infrastructure; it's deeply connected to the agricultural and civic life of Park River. Known as "The Town With a Heart," Park River is a proud rural community with strong farming roots, vibrant local businesses, and a welcoming spirit. The airport supports aerial application services, emergency access, and recreational flying, making it a vital tool for productivity and mobility in the region. Managed by the Park River Airport Authority, W.C. Skjerven Field exemplifies how small airports can deliver big impact—serving as a gateway to the skies and a reflection of the community's resilience, resourcefulness, and pride.

Runways

The most critical infrastructure of an airport is the runway system. Runway characteristics determine the types of activity the airport can support.

Type	Orientation	Dimensions	Surface	Approach
Primary Runway	13/31	3,100 ft x 60 ft	Asphalt	VIS / VIS
Secondary Runway	04/22	2,499 ft x 100 ft	Turf	VIS / VIS
Tertiary Runway	N/A	N/A	N/A	N/A
Additional Runway	N/A	N/A	N/A	N/A

Aviation Activity Demand Forecasts

Aviation activity demand forecasts are included in the NDSASP to understand how aviation demand is expected to change over time. These forecasts help inform future infrastructure needs and long-term system planning decisions.

Activity Type	Base Year (2024)	Future Year (2044)	2024-2044 CAGR
Commercial Service Enplanements	N/A	N/A	N/A
Commercial Service Operations	N/A	N/A	N/A
General Aviation Operations	8,700	8,700	0.00%
Based Aircraft	9	11	1.01%

Note: CAGR = Compound Annual Growth Rate

Y37's Airport Economic Impacts

The impacts below present the sum of direct and multiplier impacts of all activity associated with Y37. The table below offers a breakdown of the total impacts by direct, multiplier, total, and source of impact.

Jobs

11

Payroll

\$653,000

Value Added

\$893,000

Output

\$1.49 M

Source of Impact	Jobs		
	Direct	Multiplier	Total
Airport Management	0	<1	<1
Airport Tenants	4	1	5
Capital Expenditures	3	1	4
GA Visitor Spending	1	<1	1
CS Visitor Spending	N/A	N/A	N/A
Total Jobs Impacts	8	3	11

Source of Impact	Payroll		
	Direct	Multiplier	Total
Airport Management	\$0	\$2,000	\$2,000
Airport Tenants	\$254,000	\$62,000	\$316,000
Capital Expenditures	\$177,000	\$88,000	\$266,000
GA Visitor Spending	\$43,000	\$26,000	\$69,000
CS Visitor Spending	N/A	N/A	N/A
Total Payroll Impacts	\$474,000	\$178,000	\$653,000

Source of Impact	Value Added		
	Direct	Multiplier	Total
Airport Management	\$5,000	\$3,000	\$8,000
Airport Tenants	\$255,000	\$102,000	\$356,000
Capital Expenditures	\$263,000	\$152,000	\$415,000
GA Visitor Spending	\$71,000	\$42,000	\$113,000
CS Visitor Spending	N/A	N/A	N/A
Total Value Added Impacts	\$595,000	\$298,000	\$893,000

Source of Impact	Output		
	Direct	Multiplier	Total

Airport Facts

The airport and the activities it supports generate more than \$176,000 annually in federal, state, and local tax revenues.

An estimated 1,422 out-of-state visitors traveled through Y37 in 2024 via general aviation aircraft.

Visitors using Y37 spent approximately \$23,000 on lodging, \$40,000 on food and beverage, \$25,000 on local transportation, \$27,000 on retail, and \$22,000 on entertainment, supporting local businesses throughout the region.

Y37 offers 100LL services to based and transient aircraft, allowing the airport to support a variety of critical operations, such as flight instruction, recreational flying, and medevac.

Over the past four years, more than \$2.0 million has been invested in capital improvements at Y37, averaging approximately \$503,000 annually from federal, state, local, and private funding sources.

Study Methodology

Comprehensive data collection was essential to producing accurate economic impact estimates for calendar year 2024. Primary data sources, including airport staff, airport business tenants, and visitors, were used to estimate direct economic impacts. These data were gathered through onsite visits and a combination of in-person, telephone, and online surveys. Where needed, additional industry sources were consulted to supplement the primary data. A nationally recognized economic modeling platform, IMPLAN, was used to calculate multiplier effects. Economic impacts were estimated for airport management, airport tenants, capital investment activity, GA visitor spending, and commercial service visitor spending.

Economic Impact Levels

The economic impacts for North Dakota's airports are presented at three distinct levels (direct, multiplier, and total) to describe where in the economic cycle the impact is generated.

Airport Administration

Airport Tenants

Capital Investment

GA and Commercial Services Visitor Spending

Indirect

Portions of direct output used to purchase goods and services from businesses inside the study region

Multiplier Impacts

Induced

Income earned by workers from direct and supplier sales transactions that are then spent inside the study region

Total Impacts

There are four measures used to express the economic impact of North Dakota's airports: jobs, payroll, value added, and output.

Jobs

Total number of people employed. This includes both full-time and part-time because of aviation.

Payroll

Total employment compensation, including wages and benefits, of those employed

Value Added

The value of final goods and services produced locally because of economic activity, excluding the value of goods and services used to produce them

Output

Total expenditures associated with airport administration, capital projects, tenant sales of goods and services, as well as visitor spending in North Dakota's hospitality-related sectors
